COMMITTED TO REDUCING MOTHER/NEWBORN MORTALITY IN UGANDA

Our guest compound is now complete except for landscaping. It was so exciting to host our first team at the guesthouse. Pastor Gary and Carol Kusinoki with Anchored International, Pastor Andy and Kim Fine from Calvary Chapel Farmington along with their team, were our first guests.

The new solar building and panels are complete! We are just waiting for the batteries to be released from customs. What a blessing it is going to be to have power all the time.

The hospital is now full to capacity every day. We desperately need another building for inpatient since expanding our care to all who come to us. Will you join me in prayer for direction and provision. The needs are overwhelming, but as always, I know God has a plan.

This is the 6th well bringing clean water!

SAVE THE DATES!

ONLINE FUNDRAISER
October 1 - November 1

More details to come

Our annual fundraiser will be on line again this year. Please help to make it as successful as last year. Your donations make all of this possible and none of this would be here if not for you!

So many mothers and babies! Meet Prince (yes, the boy in pink above) who is our 176th baby since opening in March 2020. The number of births are increasing every month and we are so thankful that these mothers are receiving such good care provided by our Doctors, Nurses and Midwives.

Donations
can be made to [Hearts 4 Africa](http://Hearts4Africa)

THANK YOU to all who have come alongside me with prayer, love, and support. You are such an important part of this vision and it is because of you that lives will be changed forever.
In His Love,
Sherill
